AVIS

L'automatisation des dossiers de l'immatriculation des navires est maintenant réalisée. Ceci permet au ministère la possibilité de fournir une large gamme de renseignements et statistiques sur les navires immatriculés. Il sera possible de donner des statistiques sur la taille, l'âge, le genre de construction et le type de matériau, le genre d'appareil de propulsion, et cetera, des navires de pêche, de commerce et de plaisance, ainsi que des navires du gouvernement et des sociétés de la Couronne. Diverses ventilations sont possibles, notamment par province et par port d'immatriculation.
